ANWEL PRESS RELEASE

CAMDEN WORKING EQUITATION COMPETITION 22 OCTOBER 2017

Unfortunately the Board of Directors has received a number of complaints arising out of conduct at and following the above Competition including complaints concerning a Facebook post on the private page of Margaret Withnall, one of the directors of ANWE Limited, and a complaint by the EA accredited gear steward at the above Competition about the confrontational conduct of Kim Peterson concerning her proposed use of an illegal whip in the warm up arena.

The Board is currently investigating the complaints and all ANWE members can rest assured that if any of the complaints are established the conduct will not be condoned and further appropriate action will be taken.

Members are requested to refrain from further Facebook “chatter” until the complaints have been investigated and dealt with. Unsubstantiated claims against individuals, ANWEL or the Board on Facebook are not in the best interests of our sport.

The Board of Directors
