**RULEBOOK RELEASE JULY 2017**

**URGENT AMENDMENT**

It has come to our attention that there is an error in our new release.

Please turn to page 53 of the rule book in your possession.  
Under section 16.4 – line 2 – please cross out the words “in canter”.

The intent is that -10 is awarded to all riders collecting the ring/s or knocking ball/s at any pace. A rider slowing to a walk to collect the ring will consequently be slower than the rider executing at canter.
